BE IT ENACTED BY THE UNDERGRADUATE STUDENT SENATE:

**SECTION I. PURPOSE**

The purpose of this bill is to allocate funding for a pilot implementation of the SKY Campus Happiness Program for the Spring semester of 2025. The program will consist of three consecutive in-person sessions, lasting three hours each, two 1-hour online sessions pre-retreat, and two 1-hour online sessions post-retreat. Sessions will be available to 40 students and up to 10 faculty and staff members. Funding will cover the program fee, the purchase of leis, yoga mats, and food and beverages. Reservations will be required for attendance, a SKY Happiness Program Coach will be leading the workshops.

The SKY Campus Happiness Program is a well-being program that helps students, faculty, and staff improve their overall wellness and resilience. The program utilizes evidence-based meditation practices and breathwork techniques to reduce stress and increase calmness. By providing students with practical tools for self-regulation and emotional well-being, SKY empowers them to navigate challenges of academic life with greater independence. Faculty and staff who learn these techniques can further share this valuable knowledge, extending its benefits to even more students. For promotional purposes, the program title can be adapted to better resonate with UH Mānoa students.
